

1 Read about Jack's town. Answer the questions.

Hello.  
 My name's Jack. I live in a small town with my mum, my dad and my little sister. I like my town. There's an ice rink here. I go skating with my friends on Saturdays. There isn't an internet cafe but there are two restaurants. They are very nice. I go there with my family. I like the pizza restaurant best! There isn't a bowling alley in the town, but there's a skate park. That's really good. All my friends like skateboarding after school. My sister likes the tennis courts in the park. She's very good at tennis. I like the football stadium. The stadium is opposite the shopping centre. I like watching my favourite football team play on Saturdays. I like the shopping centre too. Bye!
