The slide content is presented on a green chalkboard background. It is divided into several sections with handwritten text and diagrams. On the right side, there is a cartoon illustration of a young girl with dark hair, wearing a red long-sleeved shirt and a yellow skirt, standing on a small wooden stool and pointing towards the board with her right hand. The text on the board includes various mathematical and scientific notations, such as  $10^3 = 1,000$ ,  $10^6 = 1,000,000$ , and  $10^9 = 1,000,000,000$ . There are also diagrams of a rocket and a satellite. The overall theme appears to be related to space exploration and mathematics.
