

Érase unha vez un científico un pouco loco

Como veu que se levaron a parracan foi por el

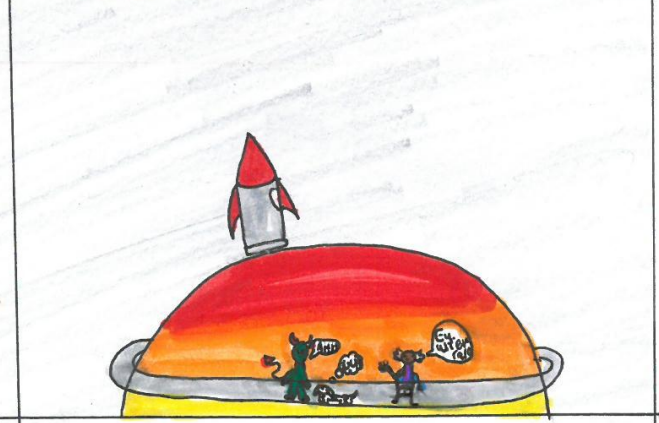

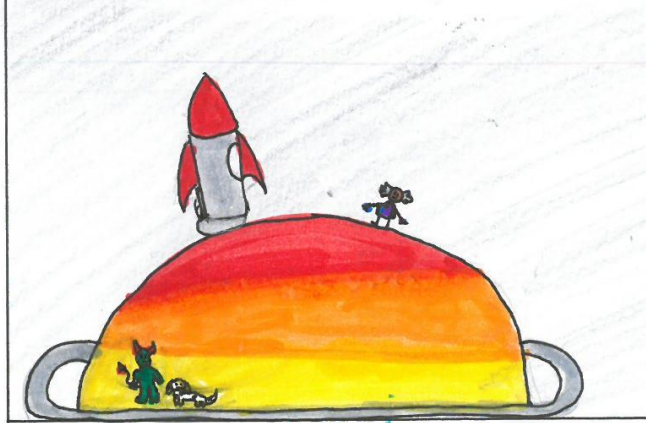

Cando aterrizou no planeta foi buscado

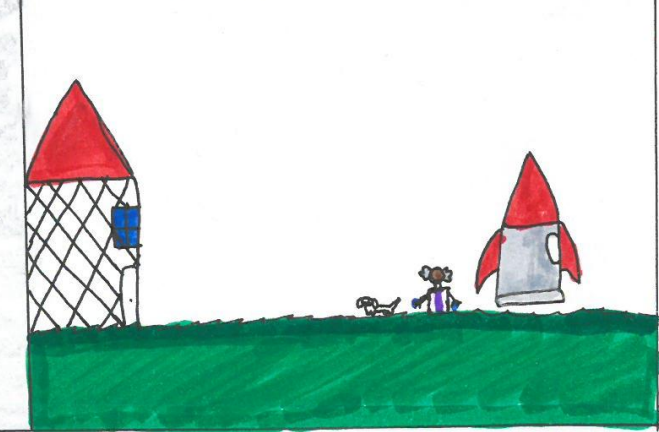

E o encontrou

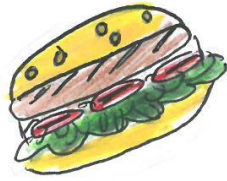

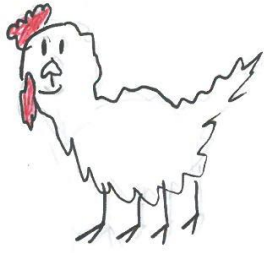

Se puxo a falar co alien

Discutiron e7 ao final, recuperou o can

Se foi a casa co seu can

Andrea

Unha bruxa moi comilona

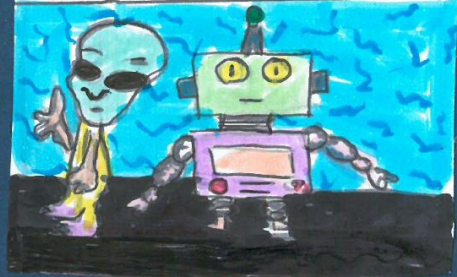

Nun planeta lexano chamado Lira

Había uns extraterrestres

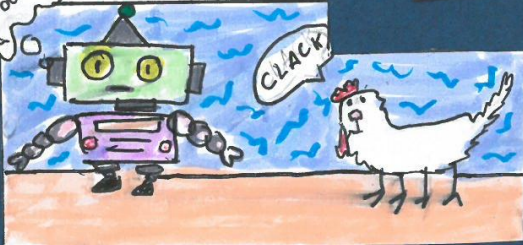

Fabricaban robots

Aos robots lles facían facer tarefas sucias

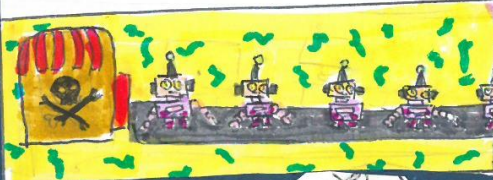

Paco me cae mal! Non lle diño comida

E fixeron un plan para invadir o planeta e destruílo

Fabricaron un exército de robots

Unha bruxa se enterou do que planeaban os robots

Coa súa maki a fixo unha poíma

Tomade isto vexo que tedes fame

Que boa pivota!

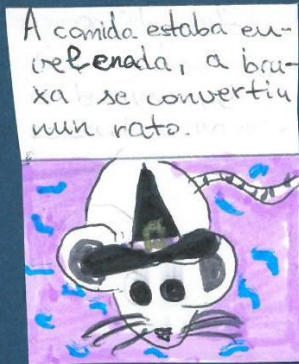

Beberon a poíma e se converteron en rás

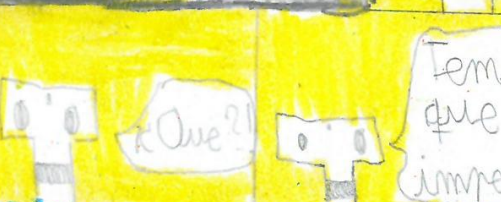

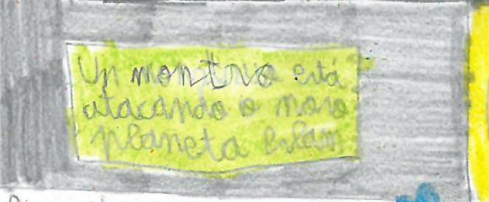

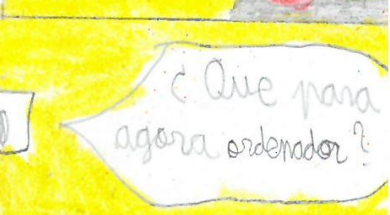

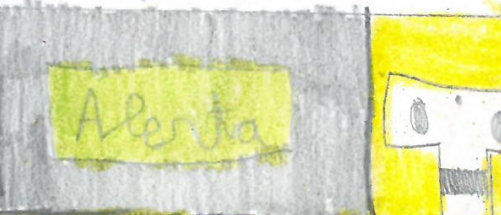

Vamos a meternos no bolso e lle vamos a tirar todas as poímas

Boa idea!

De viaxe en Marte

Pedro era un científico espacial que traballaba nun gran laboratorio

RING, RING !!!

Chámame o xefe dicindo que tiñamos que ir a Marte a collel mostrac para curar unha enfermidade

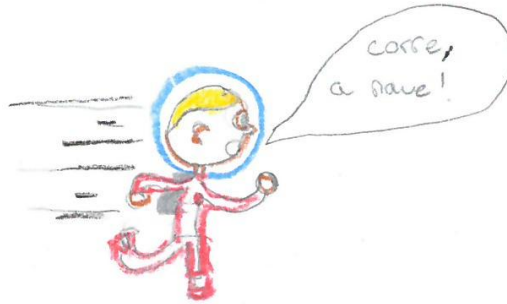

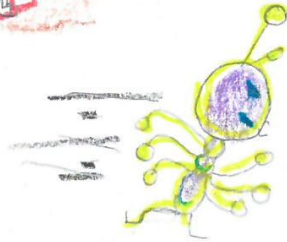

DOUS DIAS MAIS TARDE

E como dixeron, se lles ocorreu un plan!!

Mentres Pedro os distraía mateo collía as mostras para
Levalas ao Laboratorio.

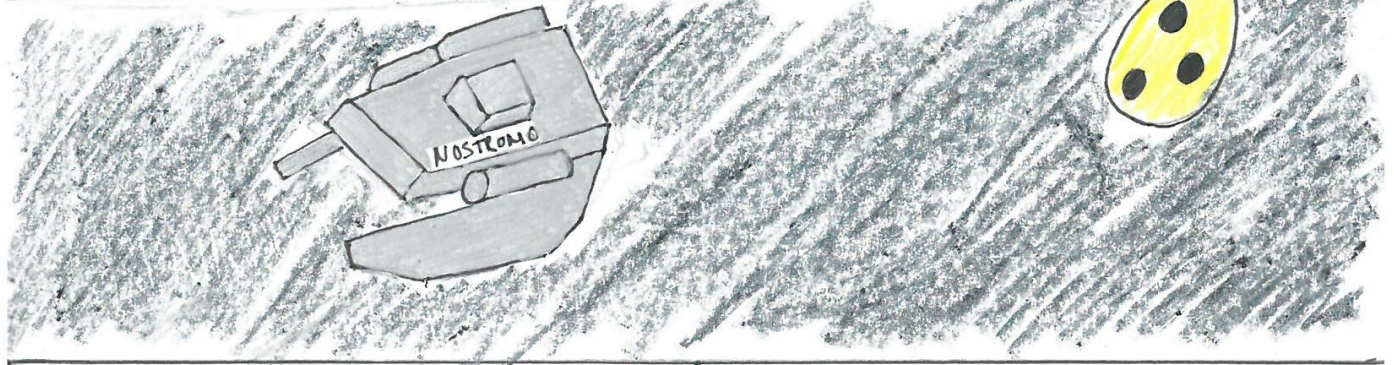

E así conseguiron a vacina,
e vacinaron a todo o planeta.
