## A COMA

A coma é un signo de puntuación que serve para indicar unha pequena pausa. Emprégase:

1°. Entre as palabras dunha enumeración (agás entre as últimas que se escribe e).

Ex.: Gústame as seguintes froitas: as laranxas, as peras, as mazás, os pexegos e a sandía.

2°. Despois de expresións como *por exemplo*, *é dicir*, *ademais...*

Ex.: O próximo día temos exame, *é dicir*, mañá temos exame.

## A FORMACIÓN DE PALABRAS

Xa sabes que as palabras están formadas por unha ou máis sílabas que teñen un significado. A partir de palabras existentes (primitivas), podemos crear novas palabras (derivadas):

	CON PREFIXOS	CON SUFIXOS
libro		
mar	empanar	panadería
dente	submarino	libreiro
	interdental	dentiño

PRIMITIVAS	DERIVADAS
Son as que non proceden doutras palabras e se usan para crear palabras novas.	Son as que se forman engadindo sílabas antes (prefixos) ou despois (sufixos) das palabras primitivas.
