

## The ballad of Lisa the lemur

### Song

Lisa lived in the rainforest

vivia

With all her family

Along came a man with an axe in his hand

Chegou un home

macheta

And chopped down the family tree.

cortou / talou

So they moved to another tree

A long, long way from town

Along came a man with an axe in his hand

And chopped their new tree down.

We all need somewhere to live = Todos necesitamos un lugar onde vivir.

We all need somewhere to live

You need a flat, fishes need the sea

necesitar

Lisa needs a tree.

The rainforest gives us the air that we need

Lots of animals live in the trees

That's what we call ecology

Why are we chopping it down? Por que o estamos talando?

We all need somewhere to live

We all need somewhere to live

You need a flat, fishes need the sea

Lisa needs a tree.

So Lisa came into town

chegou á cidade

With all her family too

There are trees in the park but it closes after dark

pecha

despois de escurecer

And there's no more room at the zoo.

non hai sitio

We all need somewhere to live  
We all need somewhere to live  
You need a flat, bees need a hive  
Goats need a mountainside.

colmea

ladeira da montanha

We all need somewhere to live  
Yeah, we all need somewhere to live  
Bears need a cave, fishes need the sea  
Lisa needs a tree.

4. Write and draw! Escribe e debuxa.

Many trees, like Lisa's, are cut down to make paper. Can you think of any ways to save paper? Draw a picture and write about it!

Moitas árbores, como a de Lisa, tálanse para facer papel. Como podes aforrar papel? Fai un debuxo e escribe sobre o que debuxaches.
