We are in spring.

In the background, there is a flowering field with many daisies and some other yellow flowers. In that same area, there are two trees, which are beautiful! These are corpulent, with very fine branches and full of blue flowers.

On the left side of the field, there is a large gray stone pond filled with clear, crystal clear and transparent water, and I can also see fish jumping all around. They are the attraction of people passing by it; right now, a blond child is cutting a piece of bread from his sandwich to feed the fish.

Closer to me, I watch a couple of birds playing, while a seagull flies over the sunny blue sky. On the right side of the field, there is a long wooden walkway that is empty now, but families usually go there to spend the evening.

I like it very much because it seems to have no end!
