

THE LITTLE PRINCE

Can you complete the text?

I am **six** years old. I see a nice picture. The picture is in a **book** . It is a picture of a big **snake**. The **snake** eats an animal. Here is the picture.

The book says, "Snakes eat the whole animal. And they **sleep** for six months."

I think about the life in the **forest**. I make my first picture. This is my picture number **one**.

I show my fantastic picture to one person. And I ask this person, "Are you **scared**?"

This person answers, "How can I be scared? It is a **hat**."

My picture is **not** a picture of a hat. It is a picture of a big snake. An **elephant** is inside the snake. Then I make my picture number two. The picture shows the inside of the big snake. Now people understand. This is my **picture** number **two**.

People tell me what they **think**. They tell me that it is not good to make pictures. They tell me that it is better to study **geography, history, maths and grammar**. After these words, I don't want to make pictures. I don't want to make pictures because my picture number one and picture number two are not good for the **people**. People don't understand simple things.

And now, I am **not** a **boy**. I am a big person. I have a job. I am a pilot. I fly **planes**. I fly in many **countries**. And it is true that geography is **good** for me. Geography can help me if I am lost in the **night**.
