

# PALABRAS COMPUESTAS

Trabajamos Conciencia Léxica : Suma de Palabras.

Visual math problems for word composition. The left problem shows a hand placing a sunflower icon into a green box above a blue box containing a ballerina icon plus a sun icon. Below are four options: a person, a person with a camera, a hand, and a sun. The right problem shows a hand placing a green box into a blue box containing a runner icon plus a mountain icon. Below are four options: a person with a parachute, a spiderweb, an umbrella, and a grasshopper.

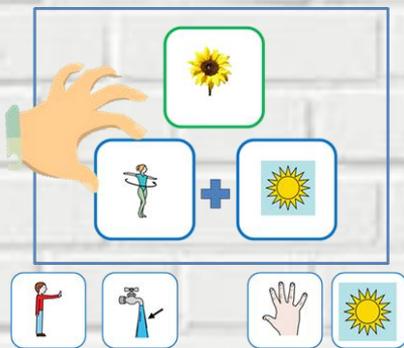

# Instrucciones

El objetivo principal de este material es trabajar la conciencia léxica, para hacer comprender al alumn@ que de la suma de dos palabras diferentes, con significados diferentes, se genera una nueva palabra con un significado nuevo.

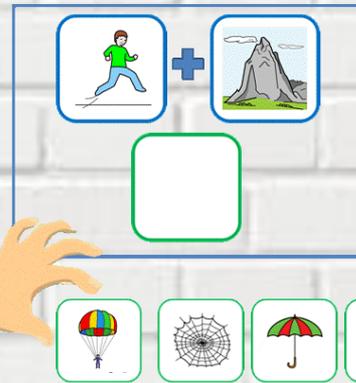

De aquí sacaremos dos objetivos más concretos:

- componer una palabra compuesta a partir de distintas palabras eligiendo la que la representa
- descomponer una palabra compuesta en las palabras que la forman a partir de la selección entre distintas imágenes

Para trabajar este material tenemos dos alternativas:

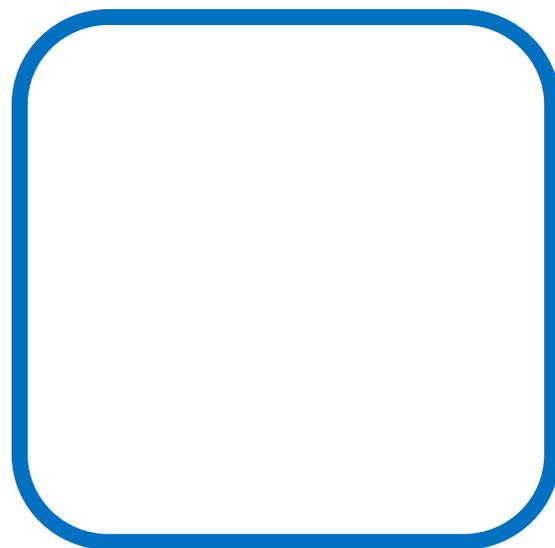

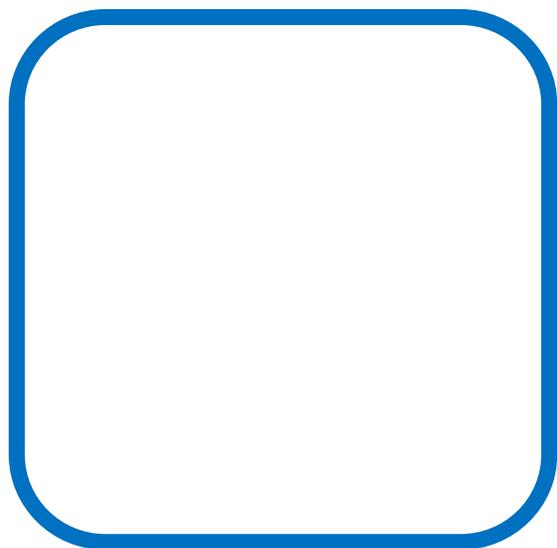

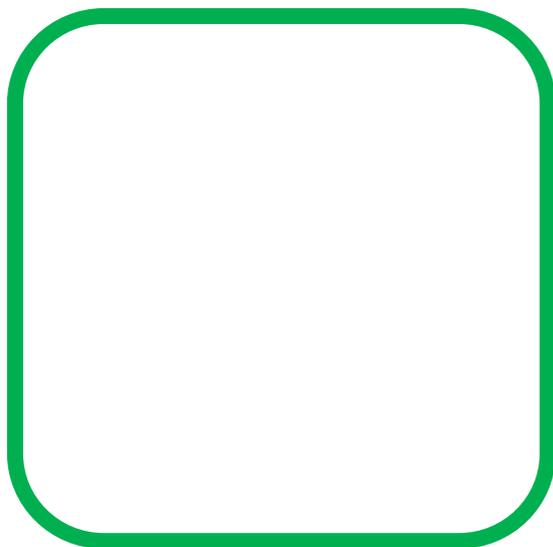

1. Se coloca arriba, en el cuadro verde, la palabra compuesta (girasol), debajo nos quedarán dos cuadros azules. Daremos al niñ@ distintas tarjetas entre las que se encontrarán las dos que necesita para formar la palabra

2. En esta segunda opción daríamos la vuelta a la plantilla, quedando los dos cuadros azules arriba. En esta el maestro coloca en los dos cuadros azules dos palabras que formarán una compuesta y al niño se le dan varias opciones para elegir cuál de esas palabras es la correcta.
