

"HOUSE" MUSIC

# The origin of the "House" music

- The "House" music is a type of music that derives from the music disco, funk and soul.
- It began in Chicago, in the United States, in 1980.
- This type of music began to be famous in night clubs, specially in "The Warehouse", where the principal DJ of this music (Frankie Knuckles) begins to create it.

# Social context

- People began to like “House” around 1984.
- Later, this type of music spread all over the world.
- The house won fame thanks to several artists who mixed it with pop (David Guetta, Calvin Harris, Deadmau5...)
- In addition, thanks to that the house is derived from the disco, funk and soul, has artists from all the world with different characteristics (because every place has its variations in the disco, funk and soul).

# Music characteristics

- It is a style fast of dance music (120 – 135 beats per second).
- Is characterized for not having much lyrics.
- For create the music, many producers use different and simple sounds, that mix or retouch later.
- Usually, is used a stroke of a bass drum (modified to agree with the music) which marks each time of the bar.

# Instruments

- Synthesizer: Is an instrument that can imitate other instruments or create new timbers.
- Drum machine: Is an instrument that allows you to compose, programme, and playing rhythms, as well as generate percussion sounds.
- Sequencer: Is a device or a computer application that allows to program and play sounds.
- These are the common instruments that are used to create house, you can also use different computer applications called DAW (Digital Audio Workstation) for replace the instruments, like FL STUDIO or LOGIC PRO X.

# Other genres

- The house has many others genres which are different from it, by small details, the most popular are:
- Electro house.
- Progressive House.
- EBM.
- Deep House.
