

Numbers are expressed by a word, symbol, or figure, representing a particular quantity and used in counting and making calculations. In English we have the natural numbers from 0 to 10 and then different rules are applied to form the next numbers.

1. Point with an arrow the name of the number:

1	three	6	nine
2	one	7	eight
3	five	8	ten
4	two	9	seven
5	four	10	six

11	eleven
12	twelve

2. **FUN FACT!** Following the rule of "teen" it should be oneteeen and twoteen, but as many other people, European ancestors counted only to a dozen and in Old English eleven actually means "one left after ten" and twelve "two left after ten". Then Napoleon adopted the decimal system and all the other numbers

3. Complete with the right letters the following written numbers:

The rule of "TEEN"

13	thirteen
14	four_ _ _
15	fif_ _ _
16	six_ _ _
17	seven_ _ _
18	eigh_ _ _
19	nine_ _ _

The rule of "TY"

20	twenty
_ _	thirty
_ _	forty
_ _	fifty
_ _	sixty
_ _	seventy
_ _	eighty
_ _	ninety

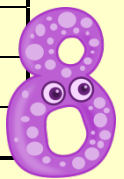

5. If the rule is to add the decimal number and then the unit number, how would you write:

21	twenty - one
32	thirty - _ _
43	_ _ _ - three
54	fifty - _ _ _
65	_ _ _ - _ _
_ _	seventy - six
8_	_ _ _ - seven
_ 8	ninety - _ _ _

22	_ _ _ - _ _
33	_ _ _ - _ _
44	_ _ _ - _ _
55	_ _ _ - _ _
66	_ _ _ - _ _
77	_ _ _ - _ _
88	_ _ _ - _ _
99	_ _ _ - _ _

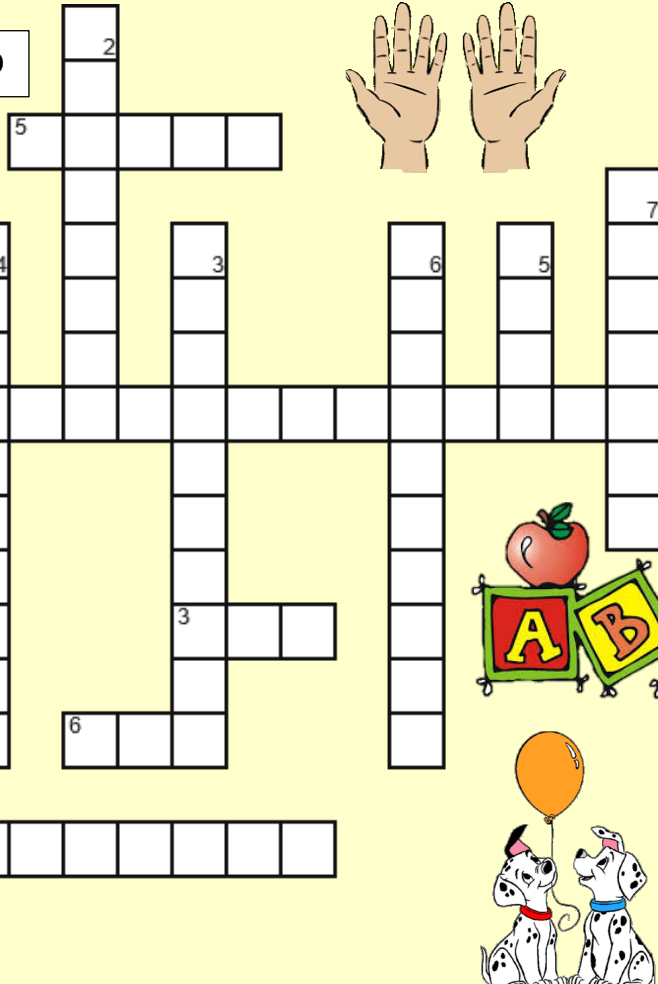

6. And the big numbers are:

1 _ _ - one hundred 1. _ _ _ - one thousand 1. _ _ _ . _ _ _ - one million

7.

CURIOUS NUMBERS CROSSWORD

Across

1. dalmatians in the cartoon movie
2. states in United States of America
3. fingers in human hands
4. hours in a day
5. seconds in a minute
6. in German is zwei
7. in French is quatre
8. in Spanish is ocho

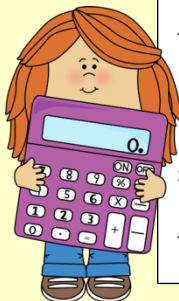

Down

1. number of letters in the alphabet
2. an unlucky number
3. number of teeth in a human mouth
4. the boiling point of water
5. the freezing point of water
6. the legal age to drink in USA
7. my sweet... representing the age when a teenage girl becomes a woman in USA
8. cards in a deck

8.

Calculate in writing:

- thirteen + ten = _____
- twenty-one + seven = _____
- ninety-two + three = _____
- fifty-three + twelve = _____
- eight + thirteen = _____
- seven + four = _____
- twelve + twenty-nine = _____

- __ + __ = seventy-two
- __ + __ = twenty-six
- __ + __ = eighty-nine
- __ + __ = one hundred
- __ + __ = fifty
- __ + __ = forty-eight
- __ + __ = thirty-four

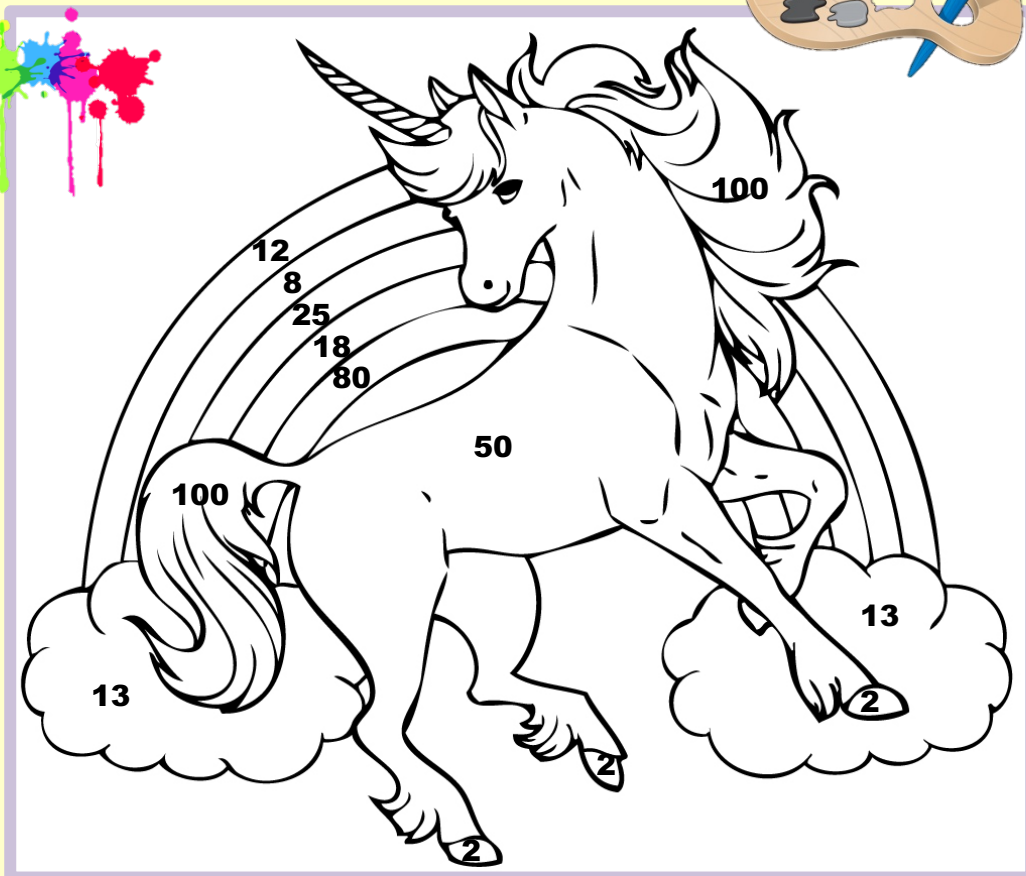

9.

Color the unicorn following the exact directions

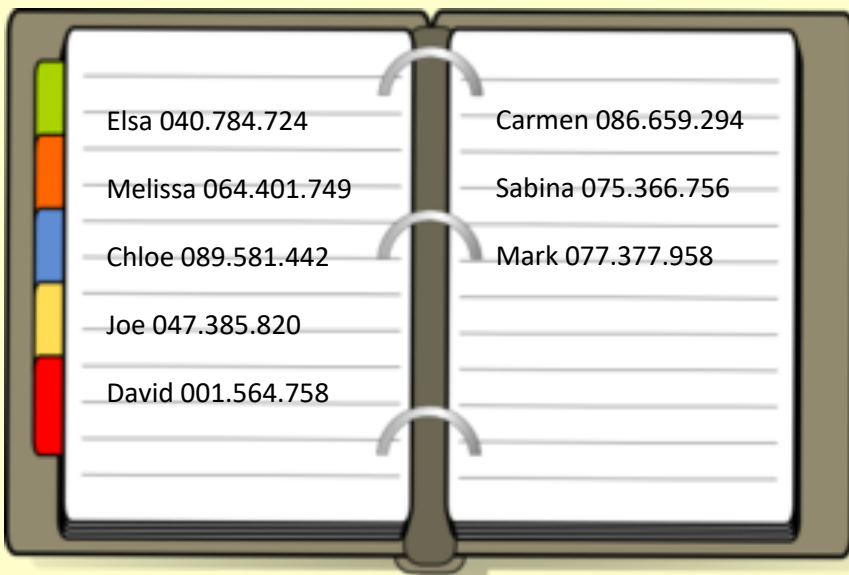

twelve – red
 fifty – light pink
 eight – orange
 thirteen – light blue
